Bedgood announces retirement

Long-time coach of youth sports in Macon County, including football, baseball, and basketball, Reverend Winston Bedgood, Jr. announced to his players and parents that Saturday's defeat by Tallassee was his last game coaching football in the community. Bedgood stated that he felt that the kids were in good hands and he wanted more time to focus on his church. He still plans to be an active participant with youth sports in the Town of Shorter and Macon County, but not on the daily basis required of a head coach. Bedgood has been a coach in the community for two generations, coaching his children and grandchildren. The Tuskegee Parks and Recreation Department and the citizens of the community would like to thank Rev. Bedgood for the countless number of hours volunteering with the youth of the community and for touching so many lives in a positive way.

Basketball Coach Interest Meeting All people interested in becoming a volunteer coach for basketball in the Macon County Community are encouraged to attend a basketball informational meeting at the Tuskegee Parks and Recreation Office on Thursday, November 12 at 6pm.
